

From the Principal's Desk..!!

As we step into the second quarter of the academic year 2023-24, it is time to shine a spotlight on our exceptional students and their remarkable achievements. While sports have always been an integral part of our school's identity, this quarter's highlights extend far beyond the athletic field.

Our young LMLites have continued to make us proud with their exemplary sportsmanship and dedication. Their achievements on the sports front have been awe-inspiring, from winning regional championships to setting personal bests. But it is not just about winning; it is about the values they embody while doing so.

Teamwork and leadership skills have been on full display this quarter. Whether it is organizing a cultural event, leading a school project, or collaborating on community service initiatives, our students have shown that they excel not only as individuals but also as collaborators and leaders.

Beyond the realm of sports, our students have continued to shine brightly. In cultural and literary events, they have displayed their creativity and intellect. Their talents have left an indelible mark, from mesmerizing dance performances to thought-provoking poetry recitations.

Literary enthusiasts have penned inspiring essays and stories, reflecting the depth of their imagination and the power of their words.

One of the core values we instill in our students is that participation itself is a victory. LML School is a firm believer in "Celebrating the milestones, but never forgetting that the journey is a true achievement," this ethos extends to all aspects of student life. By engaging actively in various activities, they learn valuable life lessons about determination, resilience, and the joy of learning. It is not always about coming first; it is about the journey of self-discovery and growth. As we acknowledge these achievements, I extend our appreciation to our resolute educators and supportive parents. Their unwavering guidance and encouragement have played a pivotal role in nurturing the talents and potential of our students.

Taking the journey into the next quarter, let us continue to foster an environment where our students can thrive not only in sports but in every facet of life. Together, we will continue to illuminate the path to a brighter future for our educational community.

**Ranjana Mandan
Principal**

REFLECTIONS

IF YOU FAIL ONCE, CHANGE THE PLAN NOT THE GOAL

This edition of Shashwat bears the essence of the hard work and dedication of our students. I feel elated to see the progress of our students not only in academic but other arenas too. Sports, Performing Art, Fine Art, Literary Competitions, we see our students excelling everywhere.

As Ralph Waldo Emerson once wisely said, 'Do not go where the path may lead, go instead where there is no path and leave a trail.' Our students exemplify this spirit, forging new paths to success.

Taking this thought forward, my dear students always remember that the biggest factor which motivates one is: "eagerness to learn", and your passion to quench this thirst of learning. It is that factor that you keep moving on the path to success.

We educators and your Parents will always be there with you to support you and guide you. Our experiences and knowledge amalgamated with your perseverance will carve out the best version of yours.

The effective and meaningful collaboration of the School and Parents is always instrumental in helping the students achieve their goals.

In this regard here I would like to mention about the workshop or sessions which are being organised by the School for Students as well as Parents. These workshops meet the demand of the ever changing learning environment and provide a progressive approach to all.

My dear students I urge each one of you to cultivate an innate 'self-motivation' mechanism within you to grow and prosper in life. Never let the fire within you go dim. Believe me this inner fire only will illuminate your path to success.

Meetu Tewari
Academic Coordinator

A Dream Come True...!!

I feel very honoured and proud of having my dream come true. The dream I have been waiting for a long time to be fulfilled was

'QUALIFYING FOR THE NATIONALS'.

Sometimes the dreams that come true are those you never knew would come true. I had always dreamt of wearing that jersey and playing Volleyball for my school. Though I had never imagined it happening in my life. This has been one of my greatest achievements in life. I am a reserved person. I do not open easily people. So playing Volleyball with the team was difficult for me. There have been many people who have helped me overcome my fear. My parents, coach, friends, and teammates have helped me achieve my dreams. I would try my best to make my school and all those who have supported me proud of me.

DREAM

Champions in the Making!!

Smash! Spike! Hit! Ace!

Whenever we heard the word Volleyball the first thing that comes to anyone's mind is a ball or a game but to me or any other Volleyball player it is always so much more.

Growing up watching my friends and seniors play Volleyball got me into it and eventually, I used to always have a Volleyball in my hand, and I loved it. Volleyball is a game that allows me to be more sociable both on and off the court. I was not always as good as I am today, but my coach and teammates always encouraged me to realize my potential which was a great boost up.

Recently having so many competitions lined up all together made me think for a millisecond that it was a lot to take in and I wouldn't be able to do it but it turned out to be the opposite. I knew it was going to get tougher but being determined to win it turned out to be the best outcome as we say practice makes a man perfect that worked here. I made a lot of mistakes but learnt from them and got better and better each day.

This is just not my perspective but of each Volleyball player in our School. We are and we will always be making history. We will numerous of trophies and medals to the school. Boastfully and proudly I and all the other athletes are the champions in the making!!

The Joy of Participation...!!

Winning is not always necessary, Participation has its benefits and fun.

If we take it as a joy, we can enjoy every moment of our lives, rather than being sad about what we lost. We should enjoy our participation and learn from it.

I went to the District Level Boxing championship, and I could not win just got a certificate of participation and a ticket to the State Level. When I look back, I realise that my dodging skills were weak, so I lost. Then, when I went to the State Level I worked hard and enhanced my dodging skills, reached the finals, and won. If I had not known about my weaknesses at a lower stage, I would never have had an opportunity to improve. So, we should be positive and worked hard to progress in life.

Class: VI

My First Step to Nationals..!!

The one who tells you, "You can't win" is you and you don't have to listen.

This proverb goes with my journey to participate in the Nationals. My health did not allow me to play for the first Zonal match and I was really sad on that day. But with the blessing of my elders, I played the Regionals and qualified for the Nationals.

I am a person who enjoys music and dance but after choosing Volleyball my love for sports has reached to zenith.

All these achievements would not be possible without our coach, Principal Madam's support and encouragement from our family and friends, the trust and the bonding with our team. I am very happy and excited to be a part of the National Team of our School and wish to get more laurels.

From Passion to Triumph My Journey as a Sportsman

Sports always had an important role in my life. Sports has helped me to build my own personality, help me to work on my weaknesses and help me to build my respectful image in society as a sports person.

In my lifetime I have accomplished many extraordinary tasks that I have put in my mind. I have won many titles and trophies in several sports competitions, but karate is the sport which is very close to my heart. The greatest achievement in my life will be my success in karate.

I started this sport at the age of five and I am continuing it as a sportsman but because of my academics and studies I am not able to practice it on a regular basis. The hardest part for a sportsman is to make a balance between his studies and sports and that is not an easy task. Everybody does not have this ability to make the balance between his studies and games but a true sportsman does that. That is why he is different from the crowd.

Sports always gave me an opportunity to start again no matter how many times I have been knocked down. Each and every sport which I have played has been a significant part of my life, but nothing can be compared to the exhilaration and sense of accomplishment I experienced when I won a gold medal in the National Karate Tournament at the age of seven. That medal was just a by-product of my intense hard training and my dedication towards it. Sports have made me a disciplined person, given me a good and healthy physique and the ultimate triumph that solidified my place in the world of sports.

Hard Work Pays Off

Hard work pays off means when you work hard, you get to reap great benefits from your efforts. This can be in the form of appreciation, recognition, awards, money, position, title, promotion etc...

In my life hard work pays off too.... In every area like studies and sports such as Karate, swimming, skating and even playing field games. I have faced many ups and downs. Initially I had to work harder but didn't get much success and recognition.

By the grace of God, my parents supported me and used to say work hard in silence, let success be your noise". So, this boosted my self-confidence and could focus on my goals. Gradually I started to get success in my studies and sports simultaneously.

In my studies, I scored well and got medals in different competitive exams like Olympiads. My teachers also appreciate and praise my efforts. On the other hand, in Karate after many years of practicing, I got recognition as a good karate player. I started to achieve medals and prizes in my tournaments. I got a chance to play in national and International tournaments. But unfortunately, I could not make it. As it was my initial attempt in higher level tournaments, I didn't lose hope and continued to work on my weaknesses and also polished my strengths.

After some period of learning experiences, like a hump of a camel, I again took part in International Karate Tournament at New Delhi and won a Bronze Medal. This made me feel proud and confident and I realized that hard work never goes in vain, it always pays off. I pray to God to give me strength to work hard, no matter what the result is.

Opportunities don't happen, you have to create them by doing your best. So, **"Work hard and you will get what you need, but work harder and you will get what you want"**.

Birds of a Feather Flock Together

Volleyball is one of the most interactive games going. It is a game of intuition, imagination, improvisation - but most of all reciprocity - of teamwork.

The best team isn't the team with the best players it is the team that plays the best together It is the perfect way to describe the successful and remarkable victory of our team in regional, districts, and local matches.

The journey of representing LML School to representing a team of NWR In Nationals would not sound as delightful as it is without input, dedication, perseverance, consistent practice, and hard work. Our coach has pushed us to our limits, showing that we can achieve more than we thought and teaching us to give our best in challenging circumstances.

I would like to conclude by saying our success is not about winning and trophies, it is all about our indomitable spirit that led us to victory.

Dhwani Patel
Class : XII

Joy of Participation

Since childhood, only our parents are after us for participation.
Be it in sports or in academics I have always been proactive.

Active participation is every parent's wish. So from there only winning and participating has been my motive. Though winning was not the priority participating surely was. And now that mere participation has come to playing Volleyball. Well talking about Volleyball, I got the inspiration from my seniors. It was always wonderful watching them play and win each and every tournament and from that moment volleyball became a part of my life.

Volleyball is a game played with 12 members (in 6 and 6 substitutes). Being a player doesn't mean winning always but rather participating and giving your hundred per cent. It is about gaining experience, not repeating the old mistakes, Volleyball being a team sport always teaches us to move ahead as a team. Sport helps to build leadership and teamwork as well as developing respect, resilience and determination. Another key role in sports is discipline. Winning is not everything, nor is it the only thing.

Now talking about my experience it has been a few months since I started playing. The initial stage was rough but was surely enjoyable and made me learn many things and gain experience which made me better day by day. And now the team has won a few trophies in the past few months. That is what gives me motivation to participate over and over again. The joy of winning is more than the joy of participation.

From Local Talent to National Glory

I was thrilled when my name was announced that Master Dhairya Pinghal, will be representing the Ahmedabad District Football Association.

I embarked on an incredible journey. My journey with Football kicked off at the State Pre-National coaching camp at the prestigious SAG sports complex, Bhavnagar, from the 7th to the 31st of August. With unwavering dedication and hard work, I not only completed the training but also secured a spot on the Gujarat Sub Junior Boys' team for the National Football Championship 2023.

The stage was set in Berhampur, West Bengal, from the 2nd to 13th September, and the Nation watched in awe. I showcased my talent in my best capacity. The remarkable journey was full of passion, perseverance, and achievement!

Thanks to LML school for giving me this opportunity with the best guidance from my coach.
Proud to be a LMLite!

Dhairya Pinghal

My First Winning Experience in Football

"The hard - earned joys are the sweetest" one such joy was winning my first game. It all started when I was in 4th standard. I loved to play football and I wanted to participate in tournaments at my school. My teachers, parents and elders always supported me. I got a chance in 7th standard when I went for my first tournament. I was excited. I played the match and our team tried to win it. Our team scored and after a few minutes, our opponents also scored. It was a tie 1-1. After a few minutes, our team scored, and we won by 2-1. It was a very wonderful learning experience for me.

Spiking Success

My Volleyball Journey

My journey has been a rollercoaster of ups and downs in the thrilling world of Volleyball. From incredible wins on the court to off-court personal development, accomplishments have been my constant companions. Victories ranging from local District matches to winning NWR tournaments, qualifying for the Nationals and getting selected for SGFI are like a sweet reward for my discipline, hard work and determination towards my sport.

However, I have had a fair share of challenges throughout my Volleyball journey. I've faced difficult losses and moments of self-doubt but these difficulties only strengthened my will to get better and refine my abilities.

In the end, Volleyball as a sport has been promising for me in various areas of life.

Qualifying for the National Games Dream Come True..!!

It is a great feeling of honor and pride to qualify for the Nationals. I never thought of participating in the National Games at this age, it is a dream come true which I never imagined. The mere thought of participating in such a big and prestigious event gives me goosebumps. Everybody around me, be it my parents, school and even myself is proud of me. I will try my level best to reach the height of success and bring a trophy for my state. It is all happening because of the hard work and support of my coach, teammates and most importantly my parents who are allowing me to do what I love rather than what they want. I am very happy and excited.

Krishnaanshi Sharma

Class : VII

Set to Win

My favourite sport is table tennis. My favourite player is Sharath Kamal. I started playing table tennis when I was five years old. Ever since I won my first trophy in 2019 when I was six years old, I decided that I would grow up to be a Table Tennis player.

After that, I practised a lot but in 2020, I could not continue due to the lockdown. A Table Tennis table and a robot was the solution at home. I practised four to five hours daily at home. The result of that practice was in 2021, I won a silver medal in the Ahmedabad District and was selected to play for Gujarat State. I represented Gujarat State when I was eight years old.

There were eleven years old players playing against me, so I did not win a match, but I was able to attain the top-five position in Gujarat. At that time, I was happy but also wanted to work harder. I continued the same hard work and practiced eight hours a day and in 2023 I won a Bronze Medal in Gujarat State.

I have participated in competitions at the School and State Levels and Khel Mahakumbh. I have won three trophies, four Silver Medals and eleven Bronze Medals. In 2023 I reached Nationals. Now my wish is to win the Gold Medal at the National Level and also to play Internationally.

I would love to win a Gold Medal and make my School and Country proud.

Dwij Hirani

Class : V

Mary Kom..My Idol..!!

" In a sports person's life, pressure is always there; you have to learn to deal with it. "

Do you know the sportsperson who never bought gold and simply earned it? Do you know a sportsperson who lost hope? Do you know the sports women who not only won India's first Olympic bronze medal but also an Olympic medal to world championship crowns and national honours, Indian boxing legend, She is Mary Kom. India's most successful boxer of all time. Even though she quit her studies very early, it did not stop her from pursuing her dreams.

Mary is the ideal role model for the younger generation because of her desire to succeed. I don't have any mantras for success. Just work hard and be honest about what you are doing, that's all. Ups and downs are always there but you should not lose focus on your dreams, said the trailblazing boxer. It was Dingko Singh and her gold medal at the Asian Games that inspired Mary Kom to take up a career in professional boxing.

As a young girl from an economically backward Manipuri household, Mary Kom didn't receive support from her family and society. Look at the courage of this woman! She is the only woman to win the World Amateur Boxing Championship six times, the only female boxer to have won a medal in each one of the first seven World Championships, and the only boxer (male or female) to win eight World Championship medals. I would like to conclude that one of the keys to success is that hard work and dedication in sports is the commitment to training.

My Views on Getting Achievement & Qualifying for Nationals

I never expected to get such achievements of winning the zonal and passing the regional matches in Volleyball competitions. I didn't even expect myself in the Main 6 of the team but now, I am excited for my Nationals. Qualifying for Nationals is a golden opportunity for me and I'm happy to see myself getting success in life. During the zonal level, I and my teammates were very nervous as it was our first match ever played as a competition. We had been practising since morning as we weren't that much confident. We did try our best, but we couldn't have achieved, if it we did not have our seniors' support to guide us through our every mistake and my friends to cheer us up. After winning and gaining victory at the zonal level, I was a little bit confident and thought of having a little prospect of passing the regionals. A hit here and a hit there, we were able to pass our regionals after 3 sets of hard work. I am feeling proud that I am going to play nationals, but I am oblivious of managing it and whether we are going to make it out there. I will try my best in the Nationals and make my school and my coach proud.

Mahi Vaghasiya
Class : VIII

My Achievement

Our passion from the start was to play volleyball, so we joined a volleyball activity. In 7th grade VIII, we started playing which was our wish to learn. We practiced a ton, even at home and during lunch breaks. Practice makes us all perfect, right? With the help of Rajesh Sir, who corrected our mistakes and my supportive team. We practiced and aced our challenges with the challengers of other schools and won Zonal. We achieved a gold medal, and including this achievement, we also managed to embrace our skills and reached the Regionals. We learned new techniques and practiced them so we could do much better in the Regionals. We got support from our well-wishers and my team. This increased the probability of our winning.

We achieved a silver medal in Regionals and reached to Nationals. We are still practicing to our limit, and we are hoping to take that golden trophy respectfully and make our school feel proud and continue its glory.

Aashi Tulsiani, Angel Patel

Class : VIII

Powerplay

Sports teaches us discipline, sportsman spirit and many other important prospects of our life. I am a member of the School Volleyball team. I started learning this sport sometime around a year ago.

Last year we participated in the regional tournament and miraculously, with the blessings of the coach, we successfully won our first-ever Volleyball tournament. This year too, just like the first sun rays of the day, we had our first chance to shine when we won the Inter-School Volleyball tournament at TransStadia University.

It has been a journey full of amalgamation of control of power and playing cautiously in the court with witty judgements. This year too, our team won both zonal as well as regional tournaments and we qualified for the Nationals. **Our victories are a compass which gives direction to our practice, progress and betterment.**

Brinda Devmurari

Class: IX

My Journey as a Hockey Player

We all were 13 girls. All of us have been practising for one year. After one year we got the opportunity to play as a team in the SGFI Hockey Tournament. It was the first time we had ventured out to play.

We all were tense as our first match was with the team who were champions of the previous year but after so much effort we finally won and were selected for the finals. In the finals the first half was a draw as nobody scored in that...in the second half after a few minutes, I tripped and fell on the field...I fell with so much force that I fractured my left hand, I was out of the game as an injured player. The time was over and the score was still zero-zero.

Then it was time for a penalty shoot. In a penalty shoot, five girls participated. Our coach trusted me, and I played the shootouts. It was time to shoot and guess what! it was again a tie. There were two ties and the umpire after discussion decided to let the main player shoot the penalty stroke. I was present as the main player.

Finally, the team won as the goalkeeper was not able to stop my penalty stroke. I was feeling so proud that I hit 8 goals with my one broken hand. After the match, our names were also given in the 'Times of India'. At present, we are a group of eight girls who have been selected for Nationals.

Reeva Shah

Class : VII

Winning is Important & not just Mere Participation

Is winning truly significant or mere participation, this is debatable. For me, while the value of participation cannot be denied, winning sustains everything and I am in favour of it.

Winning is a testament to human excellence. It signifies the culmination of hard work, dedication, and a relentless pursuit of improvement. The desire to win pushes individuals to stretch their limits, their skills, and strive for perfection whether in sports or academics, victory sparks innovation and progress. Winning drives us to innovate, break boundaries, and achieve greatness.

Winning is a powerful motivator. The sweet taste of victory propels individuals to persevere through adversity. Winning validates our efforts and commitment. Competition is driven by the desire to win and fosters growth. When individuals and teams vie for the top spot, they raise the bar for performance. This healthy competition encourages constant improvement, as participants learn from their rivals and adapt their strategies. It is through victory that we discover our true potential and unlock hidden talents. It affirms that hard work pays off, dedication matters, and discipline leads to success.

In the grand scheme of life, winning and mere participation are not mutually exclusive. Both have their place and value. Winning signifies excellence, serves as motivation, and validates effort and participation encouraging growth, inclusivity, and personal development. Ultimately, it's the pursuit of victory, tempered by the values of sportsmanship and ethical conduct, that defines our journey. Whether we win or not, it is the effort, dedication, and resilience we invest in our pursuits that truly matter.

My Favorite Game

Hide and Seek

My favourite game is hide and seek. It is an indoor and outdoor game. It is a very popular and fun game. I like this because I can play with my parents, grandparents and with friends. This game helps me to find new places to hide. I like to play hide and seek very much with my parents because they find me and love me a lot. This hide-and-seek game will help me to have valuable physical benefits like eyes and ear concentration, sometimes I play hide-and-seek with my favourite soft toys.

Vedanshi Patel | Class : I

Athletics

Usually, I love many games, but my favourite game is running a race (Athletics). There are many types of races like short races, long races, marathons, relay races etc. Running races is the most popular sport. It is also a part of the Olympics. It also helps us to improve our body stamina. It is the best exercise for our body. I can enjoy this game with my friends also.

Mayra Patel | Class : I

My favourite game is football. It is an outdoor game. I play this game with my friends. Football is played between two teams. Each team consists of 11 players. Football is the most popular game in the world. FIFA is the highest governing body for this game. My favourite football player is Cristiano Ronaldo. This game not only helps me to be fit but also improves my concentration.

Raksh Prajapati | Class : I

My Favorite Sport Player

Cristiano Ronaldo was born in Funchal Maderia Iceland in early 1985. He has one brother and two sisters. Ronaldo was diagnosed with a rising heart with 15 in 2000. Ronaldo is an inspiration to many because of his determination and perseverance. His qualities have helped him to achieve so much in his career. When things get tough, he never gives up and continuously pushes forward. He is living proof that it requires courage, willpower and a constant will to learn to get out of an unfavourable situation.

Shlok D. Shah | Class : III

I love watching cricket and my favourite sportsperson is Mahendra Singh Dhoni. He is a famous Indian cricketer from Bihar. He is an excellent wicketkeeper. He is also considered a good finisher. India won the World Cup in 2011 under the captaincy of this good player. He currently plays for and captains Chennai Super Kings in the Indian Premier League. Mahi is awarded Padma Bhushan, Padma Vibhushan, and Rajeev Gandhi Khel Ratna. His simplicity, skills and talent make him my favourite.

Kabir Bhatia | Class : III

Rohit Sharma is an Indian cricketer. He is a captain of the Indian cricket team. He plays the bat right-handed. His full name is Rohit Gurnath Sharma. In 2020 he received the esteemed Rajiv Gandhi Khel Ratna award, which is India's highest sporting honour. In ODI cricket Rohit has scored 150 or more runs the most(Six times).In the ODI he made 264 runs, which is the highest score in the world. recently we won Asia Cup 2023 under his captainship.

Parv Patel | Class : III

Sania Mirza is my favourite sports personality. Sania Mirza is one of the best tennis players in India. She was born on 15th November 1986. Her father's name is Imran Mirza and her mother's name is Naseema Mirza.

After her birth, her family moved from Mumbai to Hyderabad. At school time when Sania was just six years old she started playing tennis. She graduated from St. Mary's CollegeShe married Shoaib Malik in 2010, who is the popular Pakistani cricket player. She is popularly known as the first Indian woman who won the Women's Tennis Association.

In 2004 she was awarded the Arjun Award. In 2015 she was awarded the Rajiv Gandhi Khel Ratna award. By winning the three women's Doubles Grand Slam she has become the first Indian woman who won the women's Doubles Grand Slam. She is a recipient of prestigious awards in her career. I like Sania Mirza because she is very strong. Sania mirza is my Role model.

Diti J. Shah | Class : III

मेरी जीत का सफर

मुझे राइफल शूटिंग में सिल्वर मेडल मिला है। मैं राज्य स्तर पर दूसरे नंबर पर आई हूँ, इसी कारण मैं राष्ट्रीय खेलों में शूटिंग के लिए भी चुनी गई हूँ। मैं राइफल शूटिंग कक्षा 6 से कर रही हूँ और आगे भी करूँगी। जब छठी कक्षा में मुझे गतिविधि(Activity) का फॉर्म मिला तो मुझे राइफल शूटिंग लेने का मन हुआ। घर गई मैंने मेरी माँ से आग्रह किया, परंतु वह बोलने लगी पापा से पूछना। पापा से पूछा तो उन्होंने हाँ कह दिया। उसदिन मेरा मन बहुत खुश हो गया इस मुकाम तक पहुँचाने के लिए मैंने बहुत मेहनत की है। कठिनाइयाँ आई, पर मैंने उसका डटकर सामना किया मेरी मेहनत रंग लाई और मैं आगे जीत कर अपना, अपने माता-पिता तथा विद्यालय और देश का नाम रोशन करना चाहती हूँ।

अनुष्का सिन्हा | कक्षा : ७

प्रयास ही सफलता का आधार

मेरे हिसाब से प्रतियोगिता में भाग लेना ज्यादा जरूरी है। क्योंकि इससे हमारी सहनशक्ति बढ़ती है और हम अगर भाग लेंगे तो ही हमारी जीत होगी। अगर हम भाग ही नहीं लेंगे तो जीतेंगे कैसे? जब मेरी पहली क्रिकेट टूर्नामेंट थी तब मेरे दिल में एक घबराहट सी हो रही थी। मैंने सोचा कि शायद मुझे मेरा नाम हटवा लेना चाहिए, पर फिर मैंने सोचा कि प्रयास करके देखता हूँ। परिणाम की चिंता किए बिना मैंने फिर उस टूर्नामेंट में भाग लिया और जीत गया। हम भाग लेने के बाद अगर हार जाए तो, हमें उसे हार से भी सीख मिलती है और हम वह गलती दोबारा नहीं दोहराते हैं। मैं जब हारता हूँ तब मैं अपनी गलतियों से बहुत कुछ सीखता हूँ। मैं हमेशा कोशिश करता हूँ कि हम जीते और मैं हमेशा अपना सौ प्रतिशत देता हूँ। मेरे पसंदीदा खेल है क्रिकेट, फुटबॉल और वॉलीबॉल मैं क्रिकेट को अपने सबसे पसंदीदा खेल के तौर पर देखता हूँ।

दिवित आचार्य | कक्षा : ७

खेलों का हमारे जीवन में महत्व

खेल हमारे जीवन का बहुत ही महत्वपूर्ण हिस्सा है। यह हमारे सेहत के लिए फायदेमंद होते हैं। छोटे से छोटे बच्चों से लेकर बड़े बूढ़े को भी खेल खेलना पसंद आता है। खेल खेलने से हमारा तन-मन मजबूत और स्वस्थ बनता है। यह हमारे शरीर को ताकतवर बनाता है। खेल दो प्रकार के होते हैं जैसे- आंतरिक और बाहरी खेल। आंतरिक खेल जैसे शतरंज, कैरम आदि खेल हमारे दिमाग के विकास के लिए बहुत महत्वपूर्ण योगदान देते हैं। ऐसे खेल खेलने से हम मस्तिष्क की एकाग्रता को हासिल कर सकते हैं। वहीं दूसरी ओर बाहरी खेल जैसे - क्रिकेट, फुटबॉल, हॉकी, भालाफेंक, कबड्डी, खो-खो खेलने से हमारे शरीर की कसरत होती है। यह सब खेल खेलने से हम बहुत ही कुछ सीख सकते हैं जैसे- टीम भावना या खेल भावना, अनुशासन विनम्रता आदि। खेल खेलने से हम एक दूसरे के साथ ताल मेल बिठाना, समय के साथ चलना, अपने साथी खिलाड़ियों के साथ साझेदारी बनाना जैसे गुण सीख पाते हैं। सालों से खेल जगत में बहुत से खेल खेले जाते हैं और राष्ट्रीय- अंतरराष्ट्रीय स्तर पर उसकी प्रतियोगिताएं आयोजित की जाती हैं। खेल खेलने के लिए हमें सभी को प्रोत्साहित करना चाहिए क्योंकि इन्हीं से हमारा सर्वांगीण विकास होता है।

ध्वनि पटेल | कक्षा : ५

प्रतियोगिता से बढ़ता आत्मविश्वास

मुझे लगता है कि प्रतियोगिता में भाग लेना जरूरी है। क्योंकि अगर हम प्रतियोगिता में भाग नहीं लेंगे तो हम जीतेंगे कैसे? हमें जब भी मौका मिले तब हमें प्रतियोगिता में भाग जरूर लेना चाहिए। इससे हमें खुद को साबित करने का मौका मिलता है। हमें प्रतियोगिता में जीतने के लक्ष्य से तो खेलना चाहिए और अपनी पूरी कोशिश भी करनी चाहिए पर किसी कारण से यदि आप नहीं जीते तो हम हारने से भी कुछ सीखते हैं। बार-बार हम हार कर कभी ना कभी तो सीखेंगे और जीतेंगे। प्रतियोगिता में भाग लेने से हमारा आत्मविश्वास भी बढ़ता है। पर हम किसी प्रतियोगिता में भाग नहीं लेंगे तो ना ही हमारा आत्मविश्वास बढ़ेगा, ना ही हमें कोई जानेगा। हम किसी भी प्रतियोगिता में भाग ले सकते हैं, चाहे वह खेल की हो या पढ़ाई से संबंधित हो बस भाग लेना जरूरी है। जैसे मैंने वॉलीबॉल की प्रतियोगिता में भाग लेकर जीत हासिल की। वैसे ही अगर हम कुछ ठान ले और मेहनत करें तो जरूर जीतेंगे।

कृष्णांशी शर्मा | कक्षा : ७

खेल में भाग लेना जरूरी है या जीतना ?

खेल एक ऐसी क्रिया है जिसके करने से हमें कई तरह के लाभ होते हैं। मेरे मुताबिक तीन मुख्य लाभ हमें खेलों से प्राप्त होते हैं। एक वह जिससे हमारा मनोरंजन होता है जो हमारे भीतर एक नई ताकत उत्पन्न करती है दूसरा यहां की हमारा शारीरिक स्वास्थ्य बहुत अच्छा रहता है और तीसरा यदि हम किसी भी खेल में भाग लेते हैं तो हमारे अंदर एक विशेष रखे उत्साह का निर्माण होता है। खेलों में हिस्सेदारी अति आवश्यक खेल हमें आगे बढ़ने के लिए प्रेरित करती है और कुछ नया सिफर दुगनी उत्साह के साथ अपने प्रतियोगिता में भाग लेने के लिए प्रोत्साहित बनाती है। खेल प्रतियोगिता में भागीदारी वरना ही हमारे सबसे बड़ी जीत है। क्योंकि भागीदारी हमारी अंदर की चेतना को जागृत करती है। खेल वह अभ्यास है, जिसके द्वारा हम जीवन की हर चुनौतियों के लिए तैयार होते रहते और हमें पता ही नहीं चलता। हम किसी न किसी जीत के लिए ही तैयार हो रहे हैं। हर हार के बाद जीत होती ही है। इसलिए मेरे अनुसार हमें खेल भावना सहभागिता एवं हमारे भीतर दूरदर्शिता का प्रभाव पैदा करती है। खेल ही एक ऐसी क्रिया है जो हमें बचपन से लेकर बुढ़ापे तक एकता में एक बांधे रखती है।

प्लस ठक्कर | कक्षा : ६

प्रतियोगिता एक चुनौती

प्रतियोगिता क्या होती है? जिसमें प्रतियोगी भाग ले सकते हैं और अपनी प्रतिभा दिखा सकते हैं। मेरे विचार से प्रतियोगिता में भाग लेना जरूरी होता है। क्योंकि, भाग लेने से हमें अपने आप की योग्यता का पता चलता है। प्रतियोगिता में भाग लेना जरूरी है। क्योंकि, प्रतियोगिता में भाग लेना आपके मनोबल और धैर्य को चुनौती देता है। जिससे आप अपनी शक्तियों को पहचान सकते हैं। अगर हम अपनी पूरी कोशिश करें तो हम जीत सकते हैं। हमें प्रतियोगिता में भाग लेना चाहिए क्योंकि इससे हमें हमारी मुश्किल परिस्थितियों से लड़ने की और डर पर काबू करने की हिम्मत और शक्ति मिलती है।

श्लोक पटेल | कक्षा : ७

फिल्म समीक्षा

फिल्म का नाम- जर्सी

कलाकार - शाहिद कपूर, मृणाल ठाकुर, पंकज कपूर

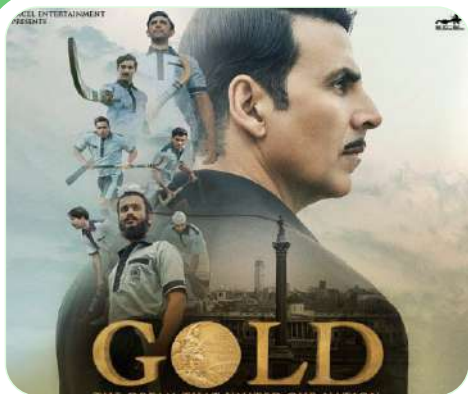

सौ में से कोई एक होता है जिसे कामयाबी मिलती है, लेकिन अर्जुन की कहानी उन 99 लोगों की है जो नाकामयाब होकर भी कामयाब होने की उम्मीद नहीं छोड़ते। जर्सी भारतीय हिंदी भाषा की स्पोर्ट्स ड्रामा फिल्म है, इसमें शाहिद कपूर एक पूर्व क्रिकेटर की भूमिका निभाते हैं, जो अपने बेटे की जर्सी टी-शर्ट खरीदने की इच्छा के लिए मृणाल ठाकुर और पंकज कपूर के साथ खेल में लौटता है। फिल्म का निर्माण गीता आर्ट्स प्रोडक्शन द्वारा किया गया है। जर्सी फिल्म की कहानी एक ऐसे क्रिकेटर की कहानी है जो अपने बुलंदियों पर अचानक खेलना छोड़ देता है। शाहिद कपूर, मृणाल ठाकुर और पंकज कपूर अभिनीत फिल्म जर्सी गौतम तिरानुरी के निर्देशन में बनी इस फिल्म में एक पूर्व क्रिकेटर अर्जुन तलवार के वापसी की कहानी दिखाई गई है।

पटकथा- जर्सी उस आम आदमी की कहानी है जिसके बड़े सपने हैं। 1986 में, अर्जुन तलवार जिसका अभिनय शाहिद कपूर ने किया है चंडीगढ़ के एक प्रतिभाशाली क्रिकेट खिलाड़ी हैं। वह विद्या (मृणाल ठाकुर) से प्यार करता और शादी कर लेते हैं। अफसोस की बात है कि अर्जुन पंजाब की रणजी टीम में जगह बनाने में नाकाम रहता है। अर्जुन के कोच उन्हें अगले साल कोशिश करने की सलाह देते हैं। लेकिन अर्जुन ने खेल छोड़ने का फैसला किया। वह एक सरकारी नौकरी करता है और विद्या के साथ एक सरकारी क्वार्टर में रहने लगता है। विद्या ने एक बेटे को जन्म दिया। 1996 में तलवार दंपति की जिंदगी कुछ खास नहीं चल रही थी। अर्जुन को भ्रष्टाचार के आरोप में निलंबित कर दिया गया। एक वकील उससे उसकी नौकरी वापस दिलाने के लिए पचास हजार की रिश्वत देने के लिए कहता है लेकिन अर्जुन ऐसा करने से मना कर देता है। विद्या की एक फाइव स्टार होटल में नौकरी है जिसकी वजह से उनका घर चल रहा है। वह निराश है क्योंकि उसे लगता है कि अर्जुन अपनी उन्नति के लिए कुछ नहीं कर रहा है। इस बीच, किट्टू को क्रिकेट कोचिंग में नामांकन करवाया जाता है। एक दिन, वह अर्जुन से टीम इंडिया की जर्सी खरीदने के लिए कहता है। अर्जुन अपने जन्मदिन पर उसे खरीदने का वादा करता है, जो कुछ दिनों बाद आता है। हालांकि, वह क्या कोशिश करता है लेकिन उसके प्रयास कैसे साबित होते हैं ?

यह फिल्म एक क्रिकेटर के जीवन की झलक दिखाती है लेकिन एक खेल फिल्म होने से ज्यादा यह खेल और मानवीय भावनाओं के बीच एक आदर्श संतुलन बनाती है। यह हर दृश्य में मजबूत जीवन का सबक प्रदान करता है और दर्शकों को मजबूत खड़े रहने और आशावादी रहने का आग्रह करता है, चाहे स्थितिकितनी भी कठिन क्यों न हो। कुल मिलाकर जर्सी एक अवश्य देखी जाने वाली फिल्म है जिसमें सभी तत्व हैं और यह आपको हंसाएगी, रुलाएगी और हर परिस्थिति में आगे बढ़ते रहने के लिए प्रेरित करेगी।

भारती कुमारी | हिंदी शिक्षिका

Movie: Gold

Actors : Akshay Kumar, Mouni Roy, Sunny Kaushal, Amit Sadh

Director: Reema Kagti

Launched on 15th August 2018, this film is an interesting blend of sportsmanship and patriotism. It captures the story and spirit of the first Olympic win of the Indian hockey team post independence in 1948.

Gold director Kagti told the media, "My film would be fictional take on what actually happened. The game of hockey would feature prominently in the plot. But there will also be a strong human drama playing at the forefront. And it wouldn't be just the Olympics victory in 1948 we will be looking at. Gold will look at 12 crucial years in India's history." Thus, the movie is inspired by true events. The character of Himmat Singh is loosely based on Balbir Singh Dosanjh, a legendary player who did 22 goals in just 8 Olympic matches. Another character Samrat was based on Dhyani Chand, the man who scored 400+ international goals and scored 33 goals in just 12 Olympic matches. But the film rather shows that Gold isn't Gold because of one person. As shown in the film, it's a team work & hence it's victorious.

The film makers are to be celebrated for minute details like the set design of the movie which captures the essence of the 1940s, be it vintage cars, telephones or pens. It brings in realism to the movie.

Overall, Gold is a well plotted drama that would surely entertain viewers and give them a solid two- and - half hours of tricolour hued entertainment.

Nehal Patel | Class : XII - A

Film: Saina

Cast: Parineeti Chopra, Manav Paul, Meghna Malik, Subrajyoti Virat, Eshan Nagvi, Rohan Apte, Ankur Vikal, Sharrman Dey and Sameer Bassi.

Director: Amole Gupte

Saina Nehwal, daughter of Usha and Harvir Singh Nehwal, a Haryanvi couple from Hyderabad created history in 2015 when she became the first Indian woman and only the second Indian after Prakash Padukone to attain the world No.1 ranking in Badminton.

The film opens with a press conference. Saina, has just won a big competition, overcoming a slump and injury breaks. Enthusiastic sports journalists start asking her questions and she starts looking back on her life, leaving us with a montage of memories...

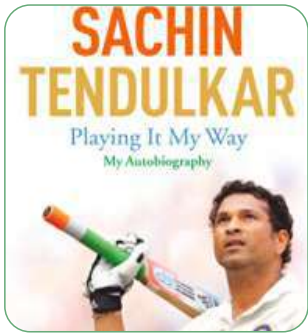

Champions are shaped by the hard work, sacrifice, and determination of their coach and parents, but in this story, Saina's coach propelled her toward stardom. Former All-England Champion Pullela Gopichand, who is renamed Sarvadhamaan Rajan (Manav Kaul). It's a fact that she split with Gopichand when she was at the height of her career. She felt insecure about PV Sindhu who was mentoring her. She did reach the top of the game without him but they later eventually patched up. The scenes are well-documented with a detailed role of every character in the film. Manav Paul plays the role of a mentor who asks him to choose between love and career, endorsements, and badminton. In the entire film, a great relationship is shown between Saina and her mother Usha Rani (Meghna Malik). She is the guiding star to her daughter.

Amole Gupte, the director paints her overall as a strict mother, in a few scenes it is also shown that she slaps her daughter for not doing great in Badminton. Every scene depicts the sacrifice of a normal childhood in pursuit of excellence as a badminton player. Saina is just 31 and if you are enthusiastic as a sports person to know, watch this movie. The dedication of each coach towards the players plays a significant role. Director Amole Gupte lacked a little to make this film a memorable one among the young youth.

BOOK REVIEWS

The lessons to be learnt from success and failure are equally important. More often than not, failure and sorrow are bigger teachers than success and happiness.

Title: Playing It My Way

Author: Sachin Tendulkar and Boria Majumdar (Contributor)

Publisher: Hodder & Stoughton

Number of pages: 496

The book gives the reader a glimpse into the hard work, discipline and sacrifices it took to make 'Little Master'. It is also a testament to a man who handled his cult status with admirable dignity throughout his career.

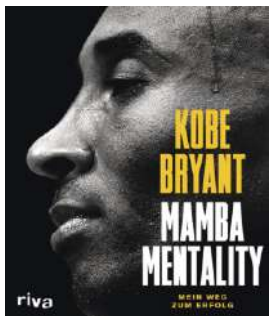

As already mentioned, the narrative starts from Sachin's childhood and travels through his entire cricketing journey through some of the most glorious moments of his career. It explores various stages of Sachin like his childhood, music (his second love), first bat gifted by his sister, playing at Shivaji Park under his coach Ramakant Achrekar, support of elder brothers, staying at his uncle's home because the stadium was away, and practising the lovely straight drive.

Sachin loved cricket passionately and in the book, he honestly talked about his emotions, experiences, and the pressure he faced as a captain.

Sachin has related various anecdotes in the dressing room with his fellow cricketers, the rivalries and camaraderie and the dynamics which made Team India. Tendulkar explains his thought process during matches, his approach to different bowlers, and how he prepared for various conditions, especially his injuries. It also delves into the technical and mental aspects of cricket.

"Playing It My Way" is a must-read for cricket fans, especially those who admire Sachin Tendulkar as it offers a unique perspective on the life and career of one of cricket's greatest legends. The book is an engaging and insightful read for anyone interested in the sport and the man behind the legend.

Title: The Mamba Mentality: How I Play

Publisher: Pan Macmillan

Genre: Autobiography

Publishing year: 2016

Originally written in : English

Pages: 328

Written by the man who never accepted losing as an option, this book gives a complete insight on the hard work that went into Kobe Bryant's game. The name of the book itself reveals enough about the author, a mamba snake which is known for its laser sharp focus, exacting preparation, diligent attention to the details and extreme competitiveness is what the book derives its name from.

Being a Lakers fan, I still cannot shake the glimpses of the highlights of his match against the Raptors in 2006, where he single handedly scored 81 points.

The book has been split into three parts, wherein the first part is a collection of letters from his team mate Pau Gasol and his coach Phil Jackson. The second part titled "process" talks about his pre and post game rituals, this part of the book gives quite an insight on how he felt about designing his signature shoes and other things that would cause him to become upset in his 20 season tenure in the NBA. The third and the final part of the book, called "Craft" is about his gameplay, one thing that he stresses upon in this part is about how he couldn't play the same way every game.

The book gives an important insight not only on the game but also into the wisdom that Bryant had acquired over the years. It is an absolute must read for anybody who is seeking a drive to ambition.

Independence Day

त्रिभुवन मेरा, पौरुष मेरा, मैं ज्ञाता, मैं दाता हूँ।
अपनी इन वीर भुजाओं पर, मैं पर्वत कैलाश उठाता हूँ।।
सागर के विपुल प्रवाहों को, मैं बांध चुका तूफानों को।
बल का लवलेख है मुझमें, मैं नए युग का भारत हूँ।।

एलएमएल विद्यालय के प्रांगण में भारत का 77 वा स्वतंत्रता दिवस बड़ी ही धूमधाम एवं देश के प्रति कर्तव्य परायणता की भावना के साथ मनाया गया।

'भारत @75' एवं 'आजादी का अमृत महोत्सव' के विषय पर आधारित इस कार्यक्रम में सभी का उत्साह देखते ही बनता था।

मुख्य अतिथि श्री कमलेश शाह, लायंस क्लब के अन्य सदस्य एवं विद्यालय के अध्यक्ष श्री अनुज मेहता जी ने इस कार्यक्रम में सम्मिलित होकर इसकी शोभा बढ़ाई। कार्यक्रम की शुरुआत माननीय मुख्य अतिथि द्वारा ध्वजारोहण से हुई। इसके पश्चात पश्चात चारों सदन -पृथ्वी, अग्नि, वायु एवं जल द्वारा सामूहिक ड्रिल का प्रदर्शन किया गया। हर वर्ष की भांति, इस वर्ष भी अंतर सदन नृत्य एवं गायन प्रतियोगिता का आयोजन किया गया जिसमें विद्यार्थियों ने बढ़-चढ़कर भाग लिया एवं अपनी सुंदर प्रस्तुति द्वारा सभी को मुग्ध कर दिया। तीनों ही प्रतियोगिताओं में जल सदन को विजेता घोषित किया गया। भारत के गौरवशाली इतिहास, संस्कृति एवं उपलब्धियां को दर्शाते हुए विद्यालय के हेड बॉय- मानव खरबंदा ने बहुत ही असरदार भाषण दिया। विद्यालय की हेड गर्ल- ध्वनि पटेल ने 'नारी सशक्तिकरण' एवं 'आज की नारी का समाज में बढ़ता वर्चस्व' पर अपने विचार व्यक्त किए। मुख्य अतिथि ने सभी विद्यार्थियों की प्रशंसा करते हुए कहा कि भारत के युवा अपने कौशल एवं नई सोच से निश्चित ही हमारे देश को नई ऊंचाइयों पर ले जायेंगे। कार्यक्रम का समापन सभी के द्वारा राष्ट्र गान गा कर किया गया।

Inter Pre - School Dance COMPETITION

The eighth Inter Pre-School Dance Competition was held on 16th September 2023 at LML School, to hone the dancing skill of the students with the theme "FUNSHAALA". The competition began with great zest and excitement. 20 schools participated and a bouquet of performances by them was a huge success.

An equivalent strength of 312 students mesmerized the audience with their vivacious dances and set the floor on fire with their enthralling and energetic performance. It was a reflection of their passion and hard work. The competition featured an expert panel of judges from the field of dance and education. They congratulated the winners and appreciated the performance of all the children. They encouraged them to participate more in such competitions to enhance their talents.

Our esteemed Principal Ma'am emphasized the significance of dance and physical activity in a student's life. The Inter Pre-School Dance Competition proved to be a great success, showcasing the enthusiasm and talent of our young, adorable dancers. We eagerly anticipate future editions of this competition, where we can continue to celebrate the spirit and skill of our students.

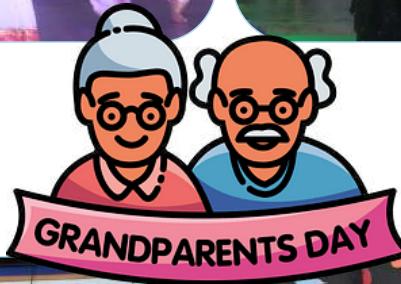

GRANDPARENTS' Day

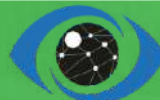

Grandparents embody a wealth of wisdom, sharing tales that span generations and imparting invaluable life lessons. Their warm embrace and unconditional love creates a sanctuary of comfort, weaving a tapestry of cherished memories. In the gentle cadence of their laughter, one discovers the enduring melody of familiar bonds.

To celebrate this cherished bond, Lalji Mehrotra Lions School celebrated Grandparents' Day, on 07th October. The celebration commenced with a warm welcome extended to the honoured guests and the grandparents. The event aimed to honour and appreciate the invaluable role that grandparents play in the lives of students. To express the gratitude and love towards their grandparents, students prepared various cultural performances by the students of classes I to IV reminded them of their golden age and the new technology. Each performance was dedicated to grandparents, showcasing the talents of the students. The program continued with award ceremony for the previous year's student achievers and the educators completing 5 years and 15 years in the school. The atmosphere was filled with an emotional resonance that touched the hearts of everyone present.

Principal ma'am expressed her heartfelt gratitude to the grandparents for their guidance, and the legacy they have passed down. The Grandparents' Day celebration at Lalji Mehrotra Lions School was a resounding success, fostering a sense of community and reinforcing the importance of family bonds.

My Journey at LML...!!

Throughout my fifteen years journey as an art teacher at LML school, I have had the privilege of nurturing young minds and witnessing their creative growth.

In the early years, I focused on establishing a welcoming and inspiring classroom environment. I encouraged my students to explore various art forms, from finger painting to basic sketching, fostering their curiosity. As they progressed, I introduced more complex techniques, teaching them about colour theory, perspective, and different art movements.

Year after year, I saw my students' confidence in their artistic abilities soar. Some discovered a deep passion for art and pursued it further, while others gained valuable skills and an appreciation for self-expression.

Throughout my journey, I learned to adapt my teaching methods to cater to learning styles. I encouraged collaboration and creativity, allowing students to express themselves freely. I also integrated technology into the classroom, introducing them to different art tools and the ever-evolving art world.

As I reflect on these fifteen years, I'm grateful for the countless smiles, colourful masterpieces, and the knowledge that I've played a part in shaping these young artists' lives. My role as an art teacher has been immensely rewarding, and I look forward to the next 15 years of inspiring creativity in the hearts of school students.

Ashishkumar Katariya
Art Educator

The path to achievement is paved with dedication, perseverance, and a belief in the possible

When I sit down to pen my thoughts on completing 15 incredible years as a Dance Teacher in this esteemed School, I am overwhelmed with a sense of nostalgia, pride, and gratitude. It has been an exhilarating journey filled with countless joys, challenges, and rhythmic growth. When I first walked into this school, I was a young girl who had big dreams and boundless enthusiasm. I was eager to impart my passion for dance to young minds. Little did I know that this school would become not just a workplace, but a second home and my students would become not just pupils but an extended family. Over the years, I have witnessed the transformative power of dance. I have seen shy, timid children blossom into confident performers. Thanks to the discipline and self-expression that dance instils. Dance has not only enriched their lives but mine as well. One of the most rewarding aspects of being a dance teacher is witnessing the growth of my students, not just as dancers but as individuals.

LML School has been a nurturing ground for creativity and innovation. While choreographing stunning performances for school events to collaborating with other Schools and departments on different projects, I have relished every opportunity to push my boundaries and limits. Of course, there have been moments of challenges and self-doubt. Teaching dance is not always about perfect routines and flawless execution. It's about instilling a love for movement, encouraging self-expression, and fostering a lifelong appreciation for the art. It's about helping students to find out their unique rhythm in life.

As I reflect on these 15 years, I am immensely grateful for the constant support of the school academic staff, administrative staff, my colleagues and the trust of the parents who have allowed me to guide their children in this artistic journey. I am grateful for the passion, enthusiasm, and dedication of my students, who have been my greatest source of inspiration. Most importantly, our Principal Ma'am Mrs. Ranjana Mandan taught, guided, corrected, and motivated me every time to bring out the best in me and helped me to dig out my inner strength and capability. Her belief in my artistic talent, made me shine in this competitive world. In these treasured years, I made a few bonds which are deeply precious and hold personal and emotional importance. They made me grow as a better person.

Looking ahead, I am excited and eager to continue nurturing the next generation of dancers who will carry the torch of creativity and artistry into the world. In conclusion, these 15 years as a dance teacher and many other roles I played in Lajji Mehrotra Lions School have been a beautiful tapestry of memories, challenges, and growth. I hope for many more years of dancing, learning, and growing together with LML School and profoundly thankful for the privilege of being a part of this wonderful School since 23rd June 2008.

Dance Educator

My Journey at LML..!!

As I stand at the crossroads of reflection and gratitude, I am thrilled to share the joyous news of completing five rewarding years as a part of the LML Educators Family. These years have been a journey of growth, resilience, and shared triumphs and I am humbled to have had the privilege of contributing to the academic tapestry of our esteemed institution.

The unwavering support and guidance from my mentors and the encouraging spirit of my colleagues have been the pillars that shaped my path. A heartfelt thank you goes to Meetu Ma'am and the ever-inspiring Ranjana Ma'am, whose mentorship has been instrumental in my professional development.

With Principal Ma'am's trust and a heart brimming with determination, I embraced the responsibility of overseeing classes X and XII. The challenge was met with enthusiasm and the results of our students in 2019 stand as evidence of our collective efforts. Witnessing my students achieve a perfect score of 100 in History was a milestone not just for them but for me personally—an achievement that fills me with immense pride.

My journey was not without its challenges, especially during the trying times of the Covid-19 pandemic. The strength of the LML family and the grace of the Almighty saw me through. I discovered the true meaning of togetherness and solidarity, reaffirming that We are more than just colleagues; we are a family.

Receiving an award at the completion of half a decade's journey is not just a recognition of time served; it is a celebration of shared successes, collective growth, and the bonds that make LML a unique and remarkable place of learning.

My heartfelt appreciation goes out to every member of the LML family for making this journey possible. Here's to many more years of continued growth and success for all of us. Thank you all.

Embarking on a five-year educational journey is akin to setting sail on an odyssey marked by transformative experiences, challenges met with resilience, moments of self-discovery, and a continuous pursuit of intellectual growth. These five years as a science school teacher aren't merely a professional milestone but a personal voyage marked by impacts, both on my students and myself.

As the years unfolded, it became evident that this journey was about more than just academic growth—it was a journey of love and self-confidence. Witnessing the spark of curiosity in the eyes of my student fuelled passion. It was heartening to see them evolve not only academically but also as individuals,

developing a sense of confidence in their abilities. By then seeds of bonds were sown, and I discovered the joy that comes from being a positive influence in the lives of young minds.

The journey extended beyond the classroom, delving into the lives of organisms around us. Participating in science-themed events became integral to the curriculum. Recognizing the significance of preparing students for a tech-driven future, I embraced educational technology as a tool for enhanced learning. Virtual experiments, educational apps, and interactive simulations became essential components of the curriculum. The objective was not just to keep pace with technological advancements but to leverage them for deeper exploration and understanding. The classroom, once confined to physical walls, expanded into a virtual realm, opening new avenues for engagement and learning.

Looking ahead, the future promises new horizons and opportunities. The role of a science elementary school teacher extends beyond the transmission of facts; it involves nurturing critical thinking, fostering a love for learning, and instilling values that go beyond the classroom. The responsibility is immense, but so is the potential for impact. As the educational voyage continues, there is a sense of optimism, knowing that each lesson, each experiment, and each interaction contributes to the collective knowledge that shapes the future.

My Journey at LML..!!

I believe in happiness and being a teacher gives me what I need. The feeling of impacting a child's life positively is very satisfying and rewarding at the same time.

I am thankful to LML School for giving me an opportunity to serve at LML School, where we have the freedom of expression and to teach in different ways so that our students not only understand the concepts just to pass their exams but also carry the teachings throughout their lives.

Our Principal, Ms. Ranjana Mandan believes in the word "WE" and has instilled the same in all of Us. So, in all situations, it is always **We – Our team**. The success of Our School is Our team. "WE" is the most important word that everybody should imbibe in their personal and professional growth.

I have a lovely team full of enthusiastic and supportive people with whom I have seen the brighter and darker shades but succeeded in everything that we do as a team. "A healthy discussion brings out the Best of everything". As a pre-primary educator, not only my tiny tots but even other students show respect and love towards me, and this is what I quote as "My Achievement" at School. The smiling faces of my students, their voices from every nook and corner of the school to greet and meet me is "My success". I am proud to have a great bond even with my students who have moved to higher grades but still remember and remind me of the fun we had. All this is very overwhelming.

I extend my sincere thanks to the school management, our principal Ranjana Ma'am, all my colleagues and my students for making my workplace – A happy place. I am equally grateful to my family for supporting me to work with full dedication. All this has helped me to complete my beautiful journey of five years at LML School.

Shivali Desai
Pre-Primary Educator

It is with great pleasure and gratitude that I extend my heartfelt thanks for the honour of receiving the prestigious service Award for completing five years successfully.

Receiving this award is not merely a recognition of the past five years but a commitment to the future. I pledge to utilize this honour as a catalyst for continuous improvement and growth. Each stride I take from this moment onward will be fuelled by the desire to enhance my skills and contribute meaningfully to the sports education we hold dear.

This award, while a symbol of past achievements, marks the beginning of a journey filled with aspirations and goals. I envision a future adorned with more milestones, along with the collective effort and dedication of our esteemed organization. The courage and confidence to aim for greater heights stem directly from the trust and belief the LML School has vested in me.

As I move forward on this journey forward, rest assured that my school's confidence is not misplaced. I am dedicated to upholding the standards of excellence that this award represents. Together, we shall continue to inspire and shape the future of sports education.

Thank you once again for this honour, and to many more years of shared success and achievement.
