SHASHVAT

From the Principal's Desk

Dear Students, Staff, and Esteemed Readers,

As we turn the pages of this edition of Shashvat, I am filled with immense pride in the values that our school continues to uphold and nurture. The recent celebration of Independence Day was an evidence to the vibrant tapestry of our nation, reflecting the diversity and heritage that make India truly unique. Each state, with its own rich traditions, came together to form a beautiful mosaic that symbolizes our unity in diversity.

In this edition of Shashvat, we explore the idea that diversity, in all its forms, is the cornerstone of unity. Whether it is through the myriad of festivals, foods, and clothing that colour our lives, diversity enriches our experiences and brings us closer together. It is through understanding and embracing these differences that we find common ground and build stronger communities.

Moreover, diversity is a vital part of our heritage, adding layers of depth and richness to the story of our country. It is the confluence of various traditions, languages, and customs that gives us our unique identity and serves as a testament to our resilience and adaptability.

At our school, we take pride in practicing diversity with inclusivity, both within our curriculum and in our everyday interactions. We are fortunate to have colleagues from various cultural backgrounds working together, each bringing their unique perspectives and strengths. This collaborative environment not only enriches our learning experience but also prepares our students to thrive in a multicultural world.

As we look to the future, we recognize that emerging trends and innovations hold the potential to further unite us. The rapid advancements in technology and global communication are breaking down barriers and creating new opportunities for collaboration and understanding, paving the way for a more interconnected world.

Let us continue to celebrate our diversity, cherish our heritage, and embrace the future with optimism. Together, we can build a more unified and harmonious world.

*Warm Regards,

Diversity in Food

The diversity in the diet of human beings helps to make our diet better. India is a tropical country in which some regions experience one climate more than the other. Some states like Punjab and Kashmir experience extreme phases of cold and the people there prefer eating bread over rice as there is more availability of wheat in the northern regions. Mostly the people of the north tend to include spices that add heat to their food. The people of the states which are situated in the southern parts of India like Kerala and Tamil Nadu prefer to eat rice and fish as rice is a commonly grown crop there, and the abundance of coast makes fish a widely available foodstuff. Hence, they make a variety of foods using rice such as dosa, vada and uthappam, they also tend to add many numbers of spices in their food, but the spices used here are more aromatic and flavorful. This is what makes our country special, we have diversity in every single aspect of our culture.

India - A Tapestry of Culture and Flavours

Unity in Diversity is a concept that signifies unity among individuals who have certain differences among them. These differences can be on the basis of culture, language, religion, sect, food, clothes etc.

People from many cultures, religious beliefs, and social statuses are staying together in peace and respect which shows good example of "Unity in Diversity." This unity in diversity is almost everywhere on Earth. The concept has certainly resulted in the ethical and moral evolution of humanity.

India is a country that is proud of its rich culture and traditions. Food, dress, religion, language, music, dance, food, beliefs, rituals, customs, art, and architecture are all part of Indian culture.

Indians hold their cultures and traditions very close to their heart. It is reflected everywhere. One of the most famous attributes of Indian culture is that Indians treat their guests as Gods (Atithi Devo Bhava).

For Indians, their cultures and traditions are not mere processes but a way of living. One of the most

significant differences can be spotted in Indian weddings, where in some parts, the bride needs to wear a red-coloured attire on D-day, and in some, wearing white is considered auspicious. Cultures and traditions have many dimensions in India and can be seen in the variety of food, clothing, and art forms found in the country.

No matter how modern the young generation is, their roots lie in the cultures and traditions followed in the country.

There's nothing that brings people together like food. It's the vessel that helps introduce people from different backgrounds. We Indians are known for our exclusive use of herbs and spices in our foods. The cooking style also varies depending upon the region. In the South, you will find rice as a staple food. In the north, wheat chapattis are consumed with great love. You might not find Rajma easily in the South, but Idli is always cooked in every house. Eating with hands is typical in most traditional Indian houses.

So, for me, diversity means staying together and enjoying the various cultures, food, festivals together and being happy and respecting each other.

Strength in Diversity

Firstly, we have to understand the term 'Diversity in Unity'. Diversity means variety or differences between us and unity means togetherness or standing as a team or one. So when these terms are used together, they confuse people. You can take our own selves for example, like, us Indians. We live in different states, and have different food habits, religions, clothing styles, festivals, belief and worships in God, and in fact, the food habits and vegetation change every 100km in India no matter any direction you travel, but we still stand as united Indian.

Unity can grant us power or knowledge. Suppose how Maharashtra is financially strong but it is weak in agriculture. Uttar Pradesh is the most agricultural state of India but has financial problems. When these states unite as India they can help each other out immensely and thus survive for longer periods of time. Another example is when the Arabs traded and combined knowledge with other civilizations, they came ahead of many civilizations in terms of advancements and flourished smoothly without any trouble.

In conclusion, we can make a huge difference by working together in unity by utilizing each other's unique qualities and skills. Whatever the difference between you and others be, you may work together and use the differences to our advantage and overcome obstacles in our path.

Diversity in Festivals bring Unity

India is referred to as the land of festivals. It is a country which is beautifully reflected in its numerous festivals. Here, festivals are more than just holidays; they are of faith, joy, and unity. They bring together people from different backgrounds. Every citizen of India realizes the significance of the diversity of festivals in India.

Many celebrations take place in India each year, with a wide variety of festivals. From Holi to Diwali, from Shivratri to Eid, each day is celebrated with an individual aspect.

Most Indian festivals show the importance of religious gods – goddess and an occurrence that marks the day as important. Along these lines, there are festivals revolving around seasons, religious idols, and harvest, representing the festival diversity in India.

Festivals in India are not only celebrated as a sign of a religious ceremony. Sankranti is celebrated on January 14 to mark the end of winter and the commencement of the harvest season. Similarly, Baishaki is another harvest festival celebrated in Punjab. Onam is another harvest festival celebrated in Kerala. All these show the regional diversity of festivals in India.

In India, festivals like Eid and Christmas are celebrated with a sense of brotherhood among the Hindus, Muslims, Christians, Sikhs, and others.

Every religion respects the festivals of others and celebrates together in harmony. Festivals bring happiness and unity among families and communities.

Indian festivals play a vital role in maintaining the unity of society.

Diverse yet United

Diversity means differences. It includes different languages, cultures, religions, and traditions. Heritage is what we inherit from the past, including our customs, values, and history.

Our country is like a colorful patchwork, with each piece representing a different community. These communities contribute to the richness of our heritage. For example, different regions have their own unique festivals. In the north, people celebrate Diwali with lights and sweets, while in the south, Pongal is celebrated with rice dishes and traditional dances. These festivals show the variety of ways people live and celebrate.

Languages also show our diversity. There are many languages spoken in our country, such as Hindi, Tamil, Bengali, and Marathi. Each language has its own literature, songs, and stories. These languages help keep our history and traditions alive.

Food is another way diversity adds to our heritage. Each region has its own special dishes. In the west, people enjoy spicy curries, while in the east, fish and rice are popular. By sharing and enjoying different foods, we learn about each other and appreciate our differences.

Religion is an important part of our diversity too. Our country is home to many religions, including Hinduism, Islam, Christianity, Sikhism, and Buddhism. Each religion has its own places of worship, rituals, and festivals. This religious diversity teaches us tolerance and respect for different beliefs.

Art and Music are also enriched by diversity. Traditional dances like Bharatanatyam from the South and Kathak from the north tell stories through movement and music. Folk music from different regions adds to the beauty of our country's musical heritage. These art forms are passed down from generation to generation, keeping our culture vibrant and alive.

Diversity is a treasure that adds to the heritage of our country. It makes our country unique and beautiful. By embracing our differences, we learn from each other and grow stronger as a Nation. Our diverse heritage is something to be proud of and to celebrate every day.

Changing Times

There was a time when mail arrived like snail, then came internet, and now we have e-mail.

There was a time when people had something to say, emoji's express human expressions nowadays.

Socialism and family celebration is an old trend, these days everything happen on internet.

Fingertips have changed their shapes, many surgeons have their patients waiting at the gate.

OH YES! We live in a digital India,

where many have no food to eat, even once a day, and farmers, the pillars of my country are committing suicide due to debt everyday.

corruption is nothing new here, we also get used to being living here. Dowry still exists in this country, having a girl child is treated as a curse in many parts of my country.

When a man dies on the streets of my country, no one cares, but posts the photos expressing sadness, which is not fair.

Free thinkers are also shot dead here, but we have the freedom of speech so says our constitution, But sometimes I wonder is there any solution?

Futuristic Diverse Trends Will Bring Unity

Imagine a world where technology not only connects us but also brings us closer in understanding and cooperation. This is the promise of futuristic diverse trends, which are set to revolutionize how we interact, work, and live together.

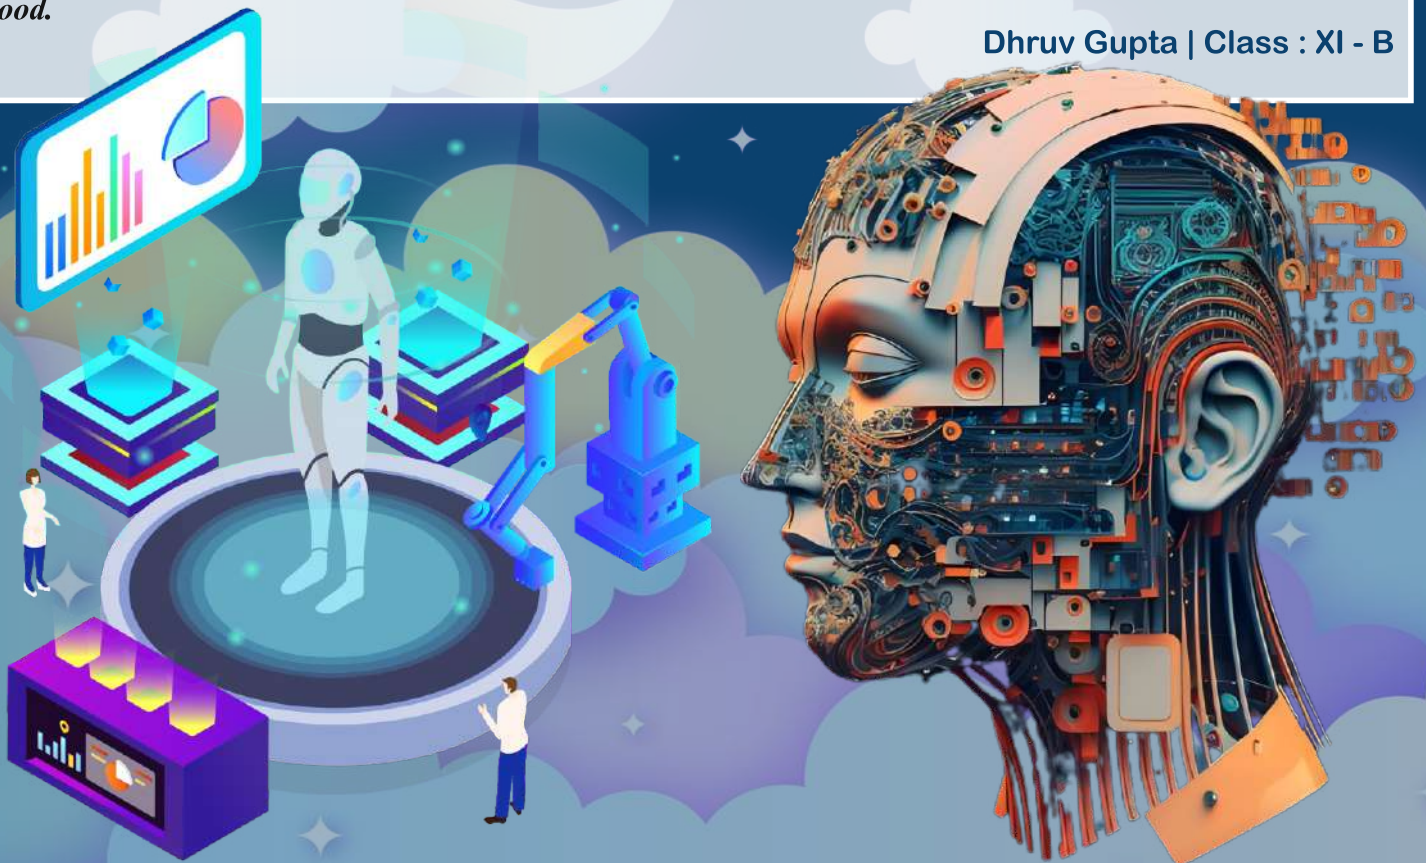

One of the most transformative trends is digital globalization. Picture a global village where borders are mere lines on a map, and people from every corner of the earth can share ideas and cultures instantaneously. The internet and emerging technologies like virtual reality (VR) and augmented reality (AR) are making this a reality. Through VR, you could explore the bustling streets of Tokyo or the ancient ruins of Rome without leaving your living room. This kind of immersive experience fosters empathy and a deeper appreciation for the rich tapestry of human culture.

Inclusivity and diversity are also at the forefront of this future. Imagine companies where teams are a vibrant mix of different cultures, genders, and backgrounds. This diversity isn't just about fairness; it's a catalyst for creativity and innovation. When diverse minds come together, they bring unique perspectives that can solve problems in novel ways. In entertainment, imagine movies and shows that reflect the true diversity of our world, giving everyone a chance to see themselves represented on screen.

Sustainability is another trend uniting us in a common cause. The fight against climate change transcends national boundaries, requiring a global effort. Innovations in green technology and renewable energy are not just about saving the planet; they're about ensuring a better future for all of us. Communities around the world are rallying together, sharing ideas and technologies to combat environmental issues. This collective effort is a testament to our ability to unite for the greater good.

In conclusion, the future is bright with the promise of digital globalization, mobility, and sustainability. These trends are not just technological or social changes; they are movements towards a more connected, understanding, and united world. By embracing these trends, we can look forward to a future where unity and diversity go hand in hand, creating a world that celebrates our differences and harnesses them for the common good.

Short story by Ray Bradbury

Technology- the perfect servant to our needs or rather as Bradbury would've preferred to put it –“a cruel, insensitive liability of our own creation” “Here Will Come Soft Rains” is a story penned by Ray Bradbury set in the year 2026, and the fact that this timeline is so close to ours should perhaps shake us into the reality.

When put into a different perspective, we must suppose that man is the “technology “of nature. Initially meant for its upkeep and yet, now, a burden. It gets even more ironic when we think of how the ancients worshipped the various forms of nature as gods, pretty soon, we found out that we could bend these gods to our whims. The question is, for how long?

Nikola Tesla, one of the greatest minds to have inhabited our planet has well established the fact that these creations that we put our prides in, are sure to be the end of us. Don't get me wrong I have nothing against the use of technology, however, what really is concerning is the fact that we have let it overpower us. It has at this point become secondary only to oxygen for our survival.

When did we go from telephones and dishwashers to destroying cities? to taking lives?

The power to give or take life is best trusted in the hands of nature and not in us or our little creations.

Remember those cartoons from when we were younger? Where the evil scientist would create a gigantic robot with horrifyingly scary, red eyes- filled with anger? Maybe, that's where they went wrong. Its actual shortcoming is the fact that it lacks that anger or happiness or any emotion at all. Such an emotionless creation to serve the only species that is biologically said to have 'elf- consciousness'.

The saddest part of Ray Bradbury's story is when the family dog dies of sores long after the family is dead and after collapsing inside the automated house it is swept away to the incinerator by the robotic mice whose eyes glow red for having to clean the mess. Even decaying on bare soil would have been a better way to go, if not in the loving arms of its owners.

Technology in all that it is, will never catch up to the warmth we need. Is it so strange that one of the first human artworks discovered were human handprints on a cave wall and the thing ai struggles to make are human hands (they always seem to have the wrong number of fingers no matter where you look.)?

In Ray Bradbury's story, the automated devices outlive the humans they were supposed to be serving, and not being able to sense their master's death they continue working each day, meaninglessly. They too, are again outlived by nature, so feeble to not stand even against the slightest of its swings. Nature, in the story has been symbolized to be eternal as it is and always will be. But just as Sara Teasdale has written in her poem of the same name, can we picture how happy nature will be when humans have destroyed themselves and this fickle charade has ended?

Lessons Beyond the Classroom

A school excursion to Kumbalgarh

One of the memories that we, class VIII students will always cherish is our 3-day Excursion to Kumbalgarh, located in Rajasthan. On 19/7/24, we all boarded the bus and were wondering that how will we be able to spend 9 hours in the bus, but we don't know that how time passed while playing UNO, telling each other horror stories and dancing our hearts out.

At about 1 PM, we reached our resort which was so beautiful. Located on a high altitude, the mountains were clearly visible in the morning and I still remember the mesmerizing view. After having a delicious lunch, we left for Kumbalgarh Fort. Jeep Ride to the fort was so thrilling. Upon learning about the history of Kumbalgarh, we came to know that History wasn't as boring as we thought it was. The Light and Sound show was also a memorable experience. We clicked several pictures with our educators, Nehal maam and Annie maam.

We started the second day with many adventures like, Zip Lining, Tree Walk and crossing many obstacles. Later during the day, we visited The Ranakpur Jain Temple. We were dumbstruck upon learning about the 'ilted pillar' which acted as an 'vil eye' We also saw the Rajasthani Folk Dance in the evening and did Garba with them.

On the third day, we went for a trek and started packing. 3 days seemed pretty long to us but it seemed as if it all passed in a second. And when we were leaving Kumbalgarh, we knew that the trip was over but we were taking home something golden, which was, A bag full of memories.

है ये अलग अलग जीव जंतुओं अद्भुत संसार।
हमारी देश की विविधता में कुछतो है खास
हर दिल में बसी है भारत की अमर मिठास।

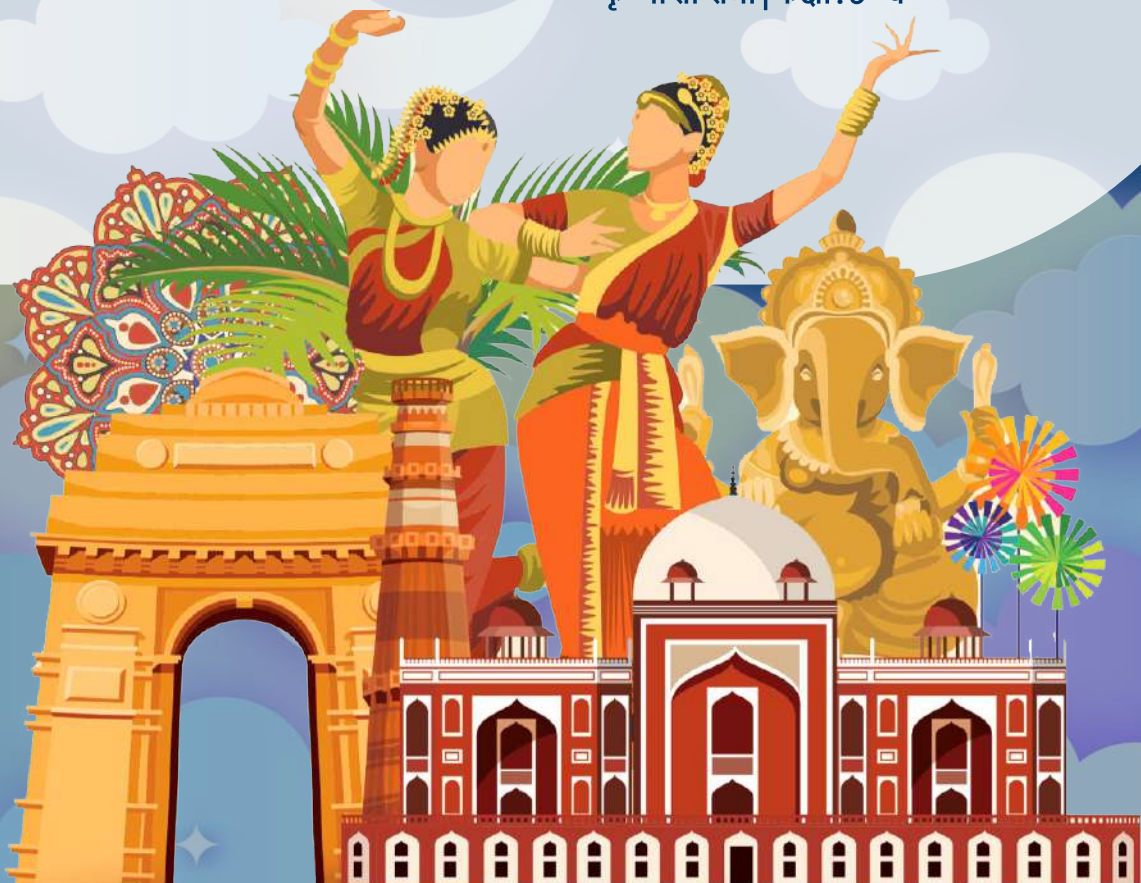

भारत में है नदी जंगल और पहाड़
प्रकृति की गोद में बसा यह अनुपम परिवार।
हर कोने में बिखरी हैं इसकी सुंदरता
एकता में बंधी हैं धरोहर की गरिमा।

यहाँ है विविध प्रकार की वनस्पतियाँ
और कई पेड़- पौधों की अनूठी प्रजातियाँ।
यह सब भारतका मान बढ़ाएँ
और भारत की गौरव गाथा गाये।

पश्चिम में रेगिस्तान और पूर्व में हरियाली,
उत्तर में ठंडे पहाड़ और दक्षिण की लहरें निराली।
भारत ने किया हमें ये सब प्रदान
यही तो है भारत की विविधता का अद्वितीय योगदान।

मेरे भारत की विविधता की मैं क्या करूँ बात,
यह है हमारे देश की आन बान शान।
क्योंकि मेरा भारत महान। मेरा भारत महान।

विविधता में देश की धरोहर में अपनी योग्यता का योगदान

विविधता हमारे देश की सबसे महत्वपूर्ण धरोहरों में से एक है। भारत एक ऐसा देश है जो अपनी सांस्कृतिक भाषाई धार्मिक और भौगोलिक विविधता के लिए जाना जाता है। इस विविधतामें हर व्यक्ति और समुदायकी अपनी अनूठी पहचान और विशेषताएँ होती हैं जो मिलकर हमारे देशकी समृद्ध धरोहरका निर्माण करती हैं।

देश की इस धरोहरमें प्रत्येक व्यक्तिकी योग्यता का विशेष योगदान होता है। जब हम अपनी अपनी क्षमताओं और कौशलों का इस्तेमाल करते हुए समाज और देश के विकासमें योगदान करते हैं तो हम इस धरोहरको और भी मजबूत और समृद्ध बनाते हैं। उदाहरण के लिए एक वैज्ञानिक अपने अनुसंधान के माध्यम से देशकी तकनीकी प्रगतिमें योगदान करता है एक कलाकार अपनी कला के माध्यमसे सांस्कृतिक धरोहर को समृद्ध करता है और एक शिक्षक अपनी शिक्षा के माध्यमसे आनेवाली पीढ़ियों को मार्गदर्शन प्रदान करता है।

विविधता का एक प्रमुख पहलू यह भी है कि यह हमें एक दूसरे से सीखने और अपने अनुभवों को साझा करने का अवसर प्रदान करती है। जब हम विभिन्न संस्कृतियों, भाषाओं और परंपराओं के बारे में सीखते हैं तो हम न केवल अपने ज्ञान का विस्तार करते हैं बल्कि अपने दृष्टिकोण को भी व्यापक बनाते हैं। यह हमें औरभी अधिक सहिष्णु और समझदार बनाता है जो समाज में सामंजस्य और शांति बनाए रखने के लिए आवश्यक है।

इस प्रकार विविधतामें अपनी योग्यता का योगदान दे कर हम न केवल अपने व्यक्तिगत विकास को सुनिश्चित करते हैं बल्कि समाज और देश की धरोहर को भी समृद्ध करते हैं। यह योगदान हमारी राष्ट्रीय एकता और अखंडता को मजबूत करता है और हमें एक ऐसे समाज के निर्माण की ओर ले जाता है जो समानता, सम्मान और सहिष्णुताके सिद्धांतों पर आधारित हो।

अतः यह आवश्यक है कि हम अपनी विविधताको समझें उसका सम्मान करें और अपनी अपनी योग्यता का उपयोग करके देशकी धरोहर में अपना योगदान दें। यही सच्ची देश भक्ति है और यही हमारे देश की समृद्धि और विकास का मार्ग है।

एकता ही सब कुछ है

करता हूँ भारत माता से गुज़ारिश
हमेशा यही कि, तेरी भक्ति के सिवा कोई बंदगी कभी न मिले,
हर जन्म मिले हिन्दुस्तान की पावन धरती पर,
या फिर कभी मुझे ज़िन्दगी ही न मिले!
आप अपने धर्म अपने मजहब के लिए मन में आस्था रखिए....
मगर किसी और के मजहब या धर्म के लिए द्वेष मत रखिए...

विविधता में एकता, हिंद की विशेषता

धरती के घर आँगन में
कितनों का जीवन पलता है,
कहती है दुनिया की
यही तो विविधता है।

भोज बना तप दप गन,
खा कर हर प्राणि सोता है।
खद्य जाल के डोरों ने,
बांधा प्राकृतिक रिश्ता है।

वसुधैव कुटुंबकम का मानो,
प्रकृति से संबंध संवरता है।
संबंधों की पावन ऊर्जा में,
हर जीवन रोता हंसता है।

करोड़ों जाति वृक्षों की,
जाने कितनी मिलती नस्लें
कुछ तो इतनी मिलती- झुलती,
भिन्न भिन्न दिखती कुछ शकलें

धरती के घर आँगन में
कितनों का जीवन पलता है,
कहती है दुनिया की
यही तो विविधता है।

विभिन्नता

हमारे जीवन में विविधता और रंग भरती है। जब हम अलग अलग तरह के कपड़े पहनते हैं तो हम विभिन्न संस्कृतियों के महत्वको समझते हैं और उनका सम्मान करते हैं। विभिन्न प्रकार के भोजन का आनंद लेने से हमें अलग अलग समुदायों के खानपान और स्वाद को जानने का मौका मिलता है सांस्कृतिक विविधता हमें अलग अलग परंपराओं और रीति रिवाजों के बारे में सीखने का अवसर देती है। इस लिए हम एक दूसरे के साथ घुल मिल चाहते हैं और एकता का अनुभव करते हैं जब हम विभिन्नता को अपनाते हैं तो हम एक दूसरे की ताकत को पहचानते हैं और एक मजबूत समाज का निर्माण करते हैं। विविधता हमें एक दूसरे के करीब लाती है और हमारे बीच की दीवारों को तोड़ती है जिससे हम मिल कर एक साथ रहते हैं।

विविधता हमारी धरोहर का गौरव

विविधता का हमारे धरोहर में अनमोल योगदान,
हर रंग, हर रूप, देता हमें पहचान।
मंदिर, मस्जिद, चर्च, सब यहाँ के रत्न,
सब मिलकर बनाते, हमारी धरोहर का तन।
हर भाषा की मिठास, हर बोली का गीत,
इनसे सजता है, हमारी धरोहर का मीत।
अलग अलग त्यौहार, सबके अनोखे रंग,
इन्हीं रंगों से हमारी धरोहर की रचना होती है।
हर क्षेत्र का खाना, हर जगह की बात,

हमारी धरोहर को देते, नई-नई सौगात।
पहनावे की विविधता, संस्कृति का मेल,
इन्हीं से बनती है, हमारी धरोहर की रेल।
कहानियों का खजाना, लोकगीतों की धुन,
विविधता का हमारे धरोहर में, सबसे बड़ा गुण।

त्योहारों से एकता

भारत के विभिन्न क्षेत्रों में अलग अलग परंपराओं के अनुसार त्योहार मनाए जाते हैं। त्योहार हमें अपनी संस्कृति और धर्म को अपनाने में मदद करते हैं। त्योहार हमें खुशियाँ भी देते हैं। हमारी संस्कृति से जुड़े हुए बहुत सारे कारण हैं। त्योहार सामुदायिक एकता और अपनेपन की भावना को बढ़ावा देते हैं, क्योंकि ये त्योहार लोगों को उत्सव और खुशनुमा माहौल में जश्न मनाने, संपर्क सामाजिक रूप से अनुभवों को साझा करने के लिए सामुदायिक संबंधों को ये बढ़ावा देते हैं और लोगों को एकता के सूत्र में बाँधकर रखते हैं।

एकता की माला

भारत एक ऐसा देश है जहाँ विविधता में एकता की अद्भुत मिसाल देखने को मिलती है। यहाँ हर क्षेत्र, धर्म और संस्कृति के लोग मिलजुल कर त्योहार मनाते हैं। ये विविधताएँ केवल एक संस्कृति की विशिष्टता को ही नहीं दर्शातीं बल्कि हमें यह भी सिखाती हैं कि विभिन्नता में भी एकता संभव है। त्योहारों खान पान और कपड़ों में विविधता का अनुभव करने से हमें एक महत्वपूर्ण संदेश मिलता है - "विविधता में एकता"। जब हम विभिन्न संस्कृतियों की परंपराओं भोजन और कपड़ों का सम्मान करते हैं तो हम एक ऐसी दुनिया की दिशा में कदम बढ़ाते हैं जहाँ विविधता को संपूर्णता और एकता के रूप में देखा जाता है। इस प्रकार विविधता में एकता का यह संदेश हमें सिखाता है कि हर संस्कृति और परंपरा महत्वपूर्ण है और एक साथ मिलकर हम एक सुंदर और समृद्ध समाज का निर्माण कर सकते हैं।

વિવિધતામાં એકતા

ભારત એટલે વિવિધતાનું સાચું સ્વરૂપ. અહીંના દરેક પ્રદેશની પોતાની અલગ ઓળખ છે. ઉત્સવોમાં ધૂમ ધામથી ઉજવાતી દિવાળી થી લઈને રંગબેરંગી હોળી સુધી, અને નવરાત્રીના ગરબાથી લઈને ઉત્તરાયણની પતંગબાજી સુધી. દરેક પ્રદેશની પોતાની અનોખી રીતો અને પરંપરાઓ છે, ખાણીપીણીની દુનિયામાં પણ આ વિવિધતા જોવા મળે છે. કચ્છની મીઠી દાળ અને ફાફડાથી લઈને સૌરાષ્ટ્રની મુંગદાળના વઢાળા અને ઉત્તર ગુજરાતના ઢોકળા, સાબુદાણાની ખીચડી સુધી દરેક જિલ્લાની રસોઈ ની પોતાની મજા છે. વસ્ત્રોની વાત કરીએ તો કચ્છી ભરતકામ, સૌરાષ્ટ્રની બાંધણી અને પટોળા તેમજ ઉત્તર ગુજરાતની ચણીયા ચોળી જેવા વસ્ત્રો આપણને આપણા રાજ્યની સમૃદ્ધકલા અને સંસ્કૃતિની ઝલક આપે છે.

નિરંતરતા દેશને વારસો આપે છે

પ્રતિષ્ઠિત સમાજની પરિભાષામાં વિવિધતા એ માત્ર સંસ્કૃતિ અને કલા સાથે જ નહીં પણ દેશની વારસામાં એક મહત્વપૂર્ણ યોગદાન આપે છે. વિવિધ સંસ્કૃતિઓ અને પાશ્ચાત્યોના મિલન થી દેશની ઓળખ અને ગૌરવ વધે છે.

ભારત એક ઉત્કૃષ્ટ ઉદાહરણ છે જ્યાં ભિન્નતા અને એનો વારસો તંદુરસ્ત રીતે જીવંત છે. ગુજરાતમાં વિવિધ ભાષાઓ ધાર્મિક વહારો અને સામાજિક પરંપરાઓ આપણા સમાજને વધુ ઘન્ય બનાવે છે. દરેક સમુદાય પોતાની અનોખી વારસાને દેશના મુખ્ય સ્ત્રોત તરીકે ઉમેરે છે.

ગુજરાતની સમૃદ્ધ સંસ્કૃતિ જેમકે ગરબા, નૃત્ય અને લોકગીતો આપણા રાજ્યને વૈશ્વિક સ્તર પર એક આગવું સ્થાન આપે છે. તેનાથી સ્પષ્ટ થાય છે કે વિવિધતા માત્ર સાંસ્કૃતિક ધન જ નથી, પરંતુ તે એક દેશની સમૃદ્ધિ અને ભવિષ્ય માટેની આધારશીલ છે.

વિવિધતાના આ મિશ્રણ થી જીવનમાં રંગો ભરે છે અને લોકોમાં સમરસતા અને સમાનતાનો ભાવ ઉદ્ભવે છે. આને કારણે આપણા બાળકોને ભવિષ્યમાં એક વધુ સહિષ્ણુ અને સભ્ય સમાજ મળે છે.

વિવિધ સંસ્કૃતિઓ વચ્ચે નો આ ડાયલોગ અને આદરની ભાવના આપણને વૈશ્વિક સ્તરે વધુ મજબૂત અને અખંડિત બનાવે છે. વિવિધતા આપણને એ શિખવે છે કે સૌનો સંતુલન જ એક સાચા સમાજની ઓળખ છે.

જ્યારે આપણે વિવિધતાને ગૌરવ કરીએ ત્યારે આપણે આપણા દેશના વારસાને મજબૂત બનાવીએ છીએ વિવિધ પૃષ્ઠભૂમિના લોકો સાથે મળીને કામ કરવાની ક્ષમતા એજ તાકાત છે જે આપણને એક મજબૂત અને ઉજળું ભવિષ્ય આપે છે.

આ સંસ્કૃતિના મહોત્સવમાં સહભાગી બનીને, આપણે આપણા દેશને સમૃદ્ધ અને સમાનતામાં વધુ અગ્રેસર બનાવી શકીએ છીએ.
